

*LIFE*

*Please touch my breasts*

*I am a woman*

*longing to be touched*

*with gentleness*

*that feels the silent stream within*

*Feel the silent stream within me*

*Ask no more*

*Be silent*

*Feel*

*the flow*

*Invisible*

*but more alive than me*

*Life glows within me*

*Visible for whom will see*

*Please touch me*

*Tenderness*

*the word so dear to me*

*Appreciate the space within me*

*Be with me*

*Allow me to exist*

*I am so beautiful*

*Please watch and feel, please be aware*

*The life in me*

*will come to you*

*will warm you by itself*

*It's own free will, will find you*

*Wait and*

*it will find you*

*Touch my breasts*

*Please touch me*

*gently*

*feeling*

*life*

*For it will all and always come through me*
